**NOTE**: Please inspect your goods promptly. Claims for any lost or damaged goods must be filed with the Carrier in writing.
The quoted rates are believed to be in accordance with the rates prescribed by the California Public Utilities Commission as published in its Maximum Rate Tariff 4 and are to be applied to the movement or handling of cargo or property in transit or storage as provided for herein unless in conflict with the rates and regulations of that tariff. Copies of the tariff are open for public inspection at the Commission’s offices in San Francisco and Los Angeles and at the offices of the carrier at whose address is shown on reverse side.

Unless it is specifically and clearly indicated in the Agreement For Service, the NOT TO EXCEED PRICE does not include charges for any accessorios which may be requested and provided for or which rates are provided in Maximum Rate Tariff 4. That means that unless it is specifically and clearly stated, the NOT TO EXCEED PRICE does not include charges for service in connection with the transportation of property or the delivery of the property. That means, for example, that the rate does not include charges, rigging, loading, unloading, handling, carting, short-line, light and bulky article charges, split-up or delivery charges, storage-in-transit or storage-in-transit transportation charges from shippers to point of destination, or charges resulting from a failure of shipper to accept delivery as arranged.
