# ***Warehouse Receipt***

Non - Negotiable  
Issued By

## **DON'T LOSE OR MISPLACE**

This Warehouse Receipt is evidence of your ownership of the goods placed in storage. It is a valuable paper, and should be kept in a secure place, so that it will not be lost, stolen or destroyed.

## **READ CAREFULLY**

There are three rules peculiar to the furniture warehouse business. They are included in every warehouse receipt throughout the country, but are sometimes overlooked by the customer. In order to avoid any possible misunderstanding we wish to bring them more prominently to your notice by repeating them on this envelope. They are:

1. A Written order bearing Same Signature as that on file in our office must be presented before withdrawing any goods.
2. All charges must be paid *Before* the delivery of goods.
3. Under the terms of contract, accounts are payable *monthly in advanced*.
