**IMPORTANT  
NOTICE**  
**This is not a binding  
estimate.**

This estimate covers only the articles and services listed. It is not a warranty or representation that the actual charges will not exceed the amount of the estimate. Any additional articles and services added after the written estimate is executed may result in additional charges.

Mover will collect charges computed on the basis of rates shown in their lawfully published tariffs at the time of the move, regardless of prior rate quotations or estimates made by the mover or its agents. Transportation charges are based upon either the weight of the goods transported or the time consumed in transporting the shipment. Special arrangements can be made with the mover for expedited services to guarantee a delivery date for intercity shipments, for which an additional charge normally will apply.

As determined by mover's tariff, rates may be computed by the hour for moves 50 miles or less from origin to destination, or when origin and destination are wholly within the area covered by the counties of Cook, DuPage, Kane, Kendall, Lake, McHenry, and Will. Charges for moves over 50 miles when either or both the origin and destination are outside the aforementioned counties must be computed on weight-mileage basis.

## Mover's Liability

**Before the move** begins, the shipper must insert in the space provided on the bill of lading, either declaration of the actual value of the shipment or the words “60 cents per pound per article.” Additional tariff charges may apply for value over 60 cents per pound per article. Declaring a released value for goods is not the same as purchasing a policy of insurance. Separate insurance may be purchased at an additional charge, for which you will receive a certificate of insurance.

## Important Notice about Payment

In accordance with Illinois law, unless the mover has agreed in writing to credit arrangements, you will be expected to pay for the move at delivery. Payment must be in cash, money order, or cashier's check. *The mover is not required to accept a personal check.*

The mover has made every effort to estimate accurately the charges for your move, based upon the information you have provided. If the actual tariff charges on the day of the move exceed the charges contained in this written estimate, you will be required to pay at delivery the amount of the estimated cost PLUS 10 percent, at which time the mover will release your goods. You are required by law to pay within 30 days of delivery the balance of the total actual charges.
